Safety Bulletin No. 8

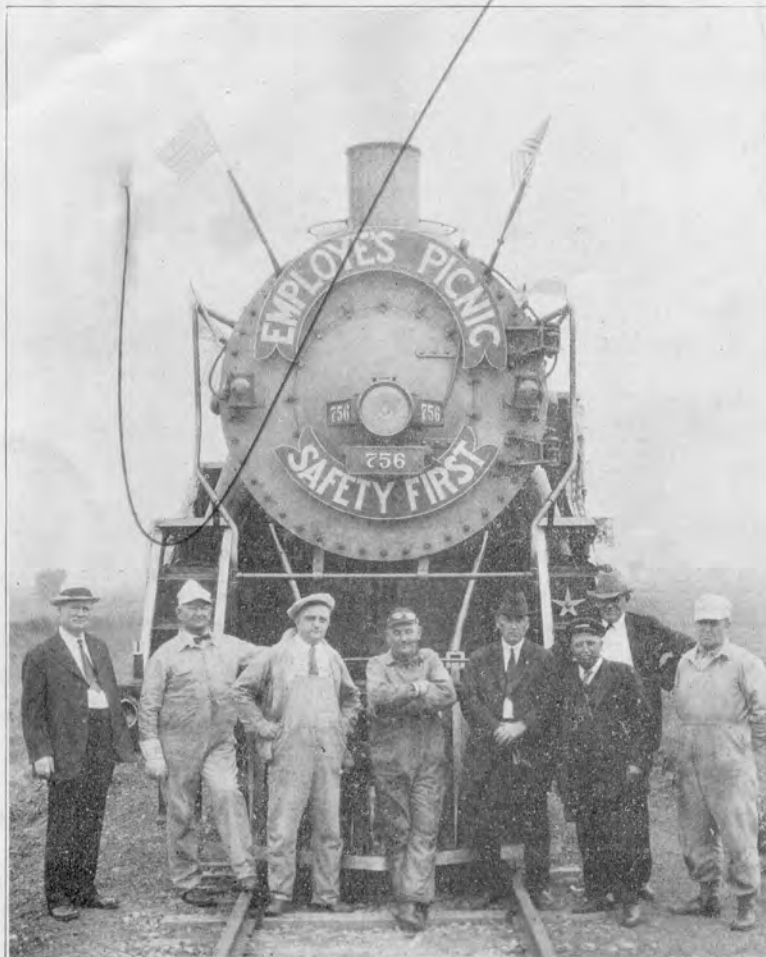

July, 1928

SOUVENIR PROGRAM OF THE **1928 Employes' Picnic**

HELD AT

Dellwood Park, Ill., Wednesday, July 25, 1928

1898

1928

Issued by the E., J. and E. Ry. Co. Safety Department in the interest of the
Safety and Welfare of Employes and their Families

“For the Workman and His Family”

FOREWORD

THERE is a direct and very well defined connection between Safety and Human Happiness. The Safety of the Workman is the foundation on which the Happiness of his Home and the Welfare of his Family must be built. Every Accident to a Worker tends to undermine that foundation and sometimes destroys or seriously damages the structure erected upon it.

Therefore, in presenting you this Souvenir Program of the 1928 Employes' Picnic, in behalf of the Safety Department and Employes' Safety Committees, I wish to call your attention to the fact that the Picnic is, in effect, one of the outstanding features of our 1928 SAFETY CAMPAIGN, and to urge you to do your part toward making the Campaign a success.

Hoping that you will enjoy every minute of "Picnic Day" and that the days to come will be days of Safety and Happiness, I am,

Very sincerely yours,

O. F. GNADINGER,

Supervisor of Safety.

These contests are for employes' and their families only.

To Our Fellow Workmen:

As members of the various Employes' Safety Committees of this Railroad, we would like to express our appreciation of the support we have received from you in our efforts to promote the Safety and Welfare of all employes of our Company. We also wish to call your attention to the fact that we are now in the midst of our Annual Safety Campaign, and to enlist your further aid and support in our efforts to make it a success.

Our Annual Safety Campaign is designed to advertise the cause of ACCIDENT PREVENTION and to develop a Spirit of "SAFETY FIRST". It is YOUR CAMPAIGN and is being carried on in Your interest and for Your benefit. Like the Picnic, our 1928 Campaign is——

"For The Workman and His Family"

We believe in "Safety First"; That nearly all accidents—whether caused by Unsafe Conditions or Dangerous Practices can be prevented; That every workman should be interested enough in his own Safety and the Safety of his Fellow Employes to report any Unsafe Conditions and to correct any Dangerous Practices that come to his attention. We therefore ask you to join with us in "boosting" this Campaign and the Cause of Safety First, in the belief that——

"Every Boost For Safety Is a Boost For Happiness"
